

We Find • We Coach • We Place

January 2, 2019

Alex Beira, Jr.
Virginia Wireless Association
117 Oronoco Street
Alexandria, Virginia 22314

Dear Alex,

On behalf of the Warriors4Wireless team and over 1,400 veterans we have placed in the past five years, thanks to you, Mike Harvey and the entire VAWA team for your generous \$6,000 in 2018 contributions.* Your compassion is literally changing the lives of unemployed and underemployed veterans and their families!

Your contributions helped us reach over 1,300 veterans per week to let them know about tower technician opportunities near their home towns. From the 68,000 contacted, we shared even more tower technician career details with nearly 19,000. Finally, we coached, in some cases trained, and then helped place over 300 veterans into tower technician openings in 2018. 100% of our training graduates received at least one job offer; with around 80% receiving this while still in the training course.

Warriors4Wireless is a charitable, nonprofit organization primarily focused upon helping junior enlisted veterans seamlessly transition from service to our country to rewarding careers in the rapidly growing wireless industry. We simply cannot do any of this life-impacting mission without the help of patriotic supporters like you.

Thank you for helping enhance the lives of those who put their own lives on the line to defend our nation and our freedoms.

With heartfelt gratitude,

Kevin J. Kennedy, Major General, USAF (Retired)
President and CEO
